

**Tuesday February 26 7:00 PM**

# Hope to Post-Abortion Victims

Please come out as **Kisha Martin** talks about **HOPE**

Kisha is a fearless and gifted speaker with a heart full of love. She wants every person, especially young people, to know that regardless of their story, even if it involves abuse or abortion, there is still hope. She wants them to know that they do not have to be trapped into thinking that they are damaged goods or that because they made a bad choice there is no hope for them in the future.

Also **Tina Teifer** of RTL Multicultural Outreach will describe her role in prolife educational outreach within Michigan's multicultural populations, offering concern and support to those who find themselves in a crisis pregnancy
